

BERKIN

Aesthetic in design, luxury to sit, Berkin is the choice for the discerning ones.

Modern executive and conference seating sensibly designed to express a softer, more subtle, residential feeling with contract durability. Space can be artfully adapted so work and life coexist comfortably.

Features

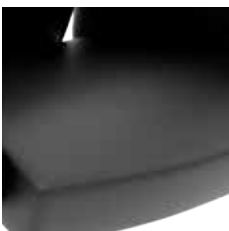

01 Upholstery leather armrest

Upholstery leather armrest provides better support and extra comfort.

04 Point synchronized mechanism

Point synchronized technology with multi-locking mechanism, not only allows separate tilting of backrest and seating in different angles, but more advance with multi angle locker helps user to control over maximum levels of tilting angles depending on preferred working postures, making every seating position a perfect balanced environment.

02 Polyurethane moulded foam

High density polyurethane moulded foam come with fire retardant feature, gives the seat flexibility to conform user seating posture, provides great support and best comfort even for long seating hours.

05 Tilting tension adjustment

The seat plate and backrest tilt independently in response to the body sitting motion, giving full support and maximize comfort.

03 Adjustable seat height

Pneumatic height adjustment allows individuals to set a comfortable position with feel flat on the floor for good postural support.

06 Aluminium high base

5 pronged die-cast aluminium polished base with sturdy 54mm dual-wheel nylon castors.
